4	Report on Gender, Race, or Ethnicity Pay Equity	Against	Against
	Voter Rationale: As the company provides sufficient information regarding its gender pay equity analysis, and has committed to reporting its race/ethnicity pay equity analysis in 2020, a vote against this proposal is warranted.		
5	Report on Prison Labor in Supply Chain	Against	Against
	Voter Rationale: TJX's reliance on China as its manufacturing hub, where prison labor has been allegedly used, strengthens the need for improved disclosures related to it's supply chain management strategies. However, a vote 'against' is warranted as the resolution is prescriptive. If an issue has been identified we believe that management are better placed to investigate, as it recently clarified its own ethical sourcing strategy in 2018 making it unequivocal that it prohibits the use of voluntary or involuntary prison labor in its supply chain. TJX also says that it periodically audits factories that produce merchandise designed in-house and has corrective action plans for non-compliant vendors. The resolution also fails to acknowledge the company's business model, whose suppliers are listed apparel companies, the majority of whom already have robust supply chain monitoring programmes.		
6	Report on Human Rights Risks in Operations and Supply Chain	Against	For
	Voter Rationale: TJX discloses some information, including its expectations for vendors' protection of human rights, training and methodology in monitoring the compliance of suppliers. However, the company appears to be lagging some of its peers regarding measures taken to assess, prevent, mitigate, and remedy any adverse human rights impacts resulting from its business operations. It does not focus on the supply chain of the majority of its products that are developed for other retailers, and does not disclose information on the number of violations found in its audit process. For this reason, support is warranted, as more information would provide shareholders with meaningful information about how well the company is managing this risk.

Voter Rationale: Gender based harassment allegations have recently surfaced at Walmart, and more granular information related to the company's grievance process, including information about remediation mechanisms to address sexual harassment claims in its stores and its supply chain would help investors better gauge how the company is managing related risks. However, as Walmart has taken several steps to strengthen its policies and procedures, and the request to formalize the Board's oversight responsibility and align senior executive compensation incentives is deemed too prescriptive, a vote 'against' is warranted at this time.

Meeting Date: 06/06/2019 **Country:** USA
Meeting Type: Annual **Ticker:** NFLX

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1a	Elect Director Timothy M. Haley	For	Withhold
	Voter Rationale: Withhold vote against Chair of the Compensation Committee given concerns regarding pay program structure and the board's failure to respond to multiple majority votes on critical governance issues over an extended period of time.		
1b	Elect Director Leslie Kilgore	For	For
1c	Elect Director Ann Mather	For	Withhold
	Voter Rationale: Withhold vote as Ann Mathers is considered over boarded, serving on the boards of more than five publicly-traded companies.		
1d	Elect Director Susan Rice	For	For
2	Ratify Ernst & Young LLP as Auditor	For	For
3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against
	Voter Rationale: Significant concerns regarding the board's lack of responsiveness to low support for say on pay last year and the structure of the pay program: The ability of NEOs to determine the form in which their pay is delivered, the replacement of performance bonuses with excessively large base salaries, and existence of fully-vested equity awards without any service or performance vesting criteria attached eliminates the at-risk nature of pay and diminishes pay-for-performance linkage. Other concerns relate to the single-trigger severance arrangement and lack of risk mitigators.		
4	Report on Political Contributions	Against	For
	Voter Rationale: Netflix provides very limited disclosure on its political contributions or dues paid to trade associations. Given that it does not restrict the organisations it belongs to from using its membership dues for political purposes, as some of its peers do, support is warranted as additional disclosure would allow shareholders to better assess related risks.		
5	Adopt Simple Majority Vote	Against	For
	Voter Rationale: Enhanced shareholder rights

Sinclair Broadcast Group, Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director David D. Smith	For	Withhold
	Voter Rationale: Chairing a board that lacks diversity and independence

1.3	Elect Director J. Duncan Smith	For	For
1.4	Elect Director Robert E. Smith	For	For

1.9	Elect Director Benson E. Legg	For	For
2	Ratify PricewaterhouseCoopers, LLP as Auditors	For	For
3	Adopt a Policy on Board Diversity	Against	For
	Voter Rationale: The company has been asked to adopt a policy to enhance its board diversity, specifically to ensure that female and minority candidates are considered during board member selection. A vote 'for' this proposal is warranted as Sinclair has no women on its board and has not expressed a commitment nor provided information on any initiatives focused on increasing the diversity of its board. Improved board diversity would bring the company in line with an increasing proportion of other companies that have committed to board inclusiveness, and could aid it in attracting employees, creating goodwill with consumers, and competing in the increasingly global marketplace, ultimately benefiting long-term shareholder value. We have engaged on this issue in the past and would like to see Sinclair taking greater steps to ensure that women and minority candidates are included among prospective board nominees.		
4	Require a Majority Vote for the Election of Directors	Against	For
	Voter Rationale: A vote 'for' this proposal is warranted as the majority vote standard enhances shareholder rights; whilst allowing for a plurality carve-out for contested elections.

4	SP 1: Production of an Annual Sustainability Report	Against	Against
	Voter Rationale: Given that the company has committed to provide an updated ESG report on the company s website concurrently with the holding of the 2019 annual shareholder meeting; and also expects to update the report every second year thereafter; the proposal seems redundant and warrants a vote 'against.		
5	SP 2: Production of an Annual Report on Risks to Human Rights	Against	Against
	Voter Rationale: Given that Dollarama has disclosed a separate vendors code of conduct and supplier compliance requirements and has ensured enhanced disclosure in its upcoming ESG report regarding its policies, compliance programs and monitoring with respect to human rights due diligence, this proposal seems overly prescriptive and a vote 'against' is warranted instead. Vote AGAINST this shareholder proposal regarding annual disclosure as it is overly prescriptive given that the company has disclosed a separate vendors code of conduct and supplier compliance requirements and has ensured enhanced disclosure in its upcoming ESG report regarding its policies, compliance programs and monitoring with respect to human rights due diligence.		
6	SP 3: Adoption of a Living Wage Policy	Against	Against
	Voter Rationale: Given the many considerations necessary to effectively address the needs of what are referred to as "the working poor", this issue appears to be more within the purview of society at large through various means including, but not limited to, legislation and regulation, to make lasting improvement. Therefore, this proposal seems somewhat overly prescriptive and not supportable, warranting a vote 'against'.

Vote Summary Report

Alphabet Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1.1	Elect Director Larry Page	For	For
1.2	Elect Director Sergey Brin	For	For
1.3	Elect Director John L. Hennessy	For	For
1.4	Elect Director L. John Doerr	For	Withhold
	Voter Rationale: Chairing compensation committee: Ongoing concerns over pay practises including poor stewardship of the executive pay program, as evidenced by continuedoutsized time-vested equity grants and a lack of performance-conditioned compensation		
1.5	Elect Director Roger W. Ferguson, Jr.	For	For
1.6	Elect Director Ann Mather	For	Withhold
	Voter Rationale: Considered over boarded for serving as a director on more than five public company boards.		
1.7	Elect Director Alan R. Mulally	For	For
1.8	Elect Director Sundar Pichai	For	For
1.9	Elect Director K. Ram Shriram	For	For
1.10	Elect Director Robin L. Washington	For	For
2	Ratify Ernst & Young LLP as Auditors	For	For
3	Amend Omnibus Stock Plan	For	Against
	Voter Rationale: Vote against is warranted given that the plan provides for the transferability of stock options without shareholder approval (negative override); the plan cost is excessive; three-year average burn rate is excessive; disclosure of CIC vesting treatment is incomplete- The plan permits liberal recycling of shares and allows broad discretion to accelerate vesting		
4	Approve Recapitalization Plan for all Stock to Have One-vote per Share	Against	For
	Voter Rationale: Enhanced shareholder rights		
5	Adopt a Policy Prohibiting Inequitable Employment Practices	Against	For
	Voter Rationale: The company is required to adopt a policy to eliminate inequitable employment practices related to discrimination or harassement. These may lead to reputation and financial risk, therefore a vote "for" is warranted.		
6	Establish Societal Risk Oversight Committee	Against	Against
	Voter Rationale: The company is required to create a new Societal Risk Oversight committee to the Board to provide ongoing review of policies and procedures to assess the potential societal consequences of the company's products and services. This goal should already be in the remit of the current risk oversight function, and is unclear how another committee without a specific, tangible mandate can be effective to steer the company's strategy and product development. A vote "against" is warranted.		
7	Report on Sexual Harassment Policies	Against	Against
	Voter Rationale: The company is asked to review its policies on sexual harassment and assess whether it needs to adopt additional policies and report its findings. The company has already improved its policies and made them public in recent months, and therefore an additional review by the end of the year seems unproductive, warranting a vote "against".

Alphabet Inc.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
8	Require a Majority Vote for the Election of Directors	Against	For
	Voter Rationale: Enhanced shareholder rights		
9	Report on Gender Pay Gap	Against	For
	Voter Rationale: The company is requested to report a median gender pay gap, a topic where the company is still lagging best practices, despite having improved its processes in recent years. A vote "for" is warranted.		
10	Employ Advisors to Explore Alternatives to Maximize Value	Against	Against
	Voter Rationale: In this case, it is not clear how selling any company subsidiaries or assets would create shareholder value, particularly given the risk of fire sale asset prices and the potential for competitors to encroach on Alphabet's strong market position. The company maintains a leading market position and has created substantial shareholder value over the long-term.		
11	Approve Nomination of Employee Representative Director	Against	Against
	Voter Rationale: the company's existing board framework seems to be adequate to allow for robust oversight of issues related to its employees and the necessary steps to begin sufficiently addressing employees' concerns have been taken		
12	Adopt Simple Majority Vote	Against	Against
	Voter Rationale: While noting that the company does not claim Controlled Company status, the multi-class structure coupled with disparate voting classes have resulted in the two founders and the board enjoying effective control of the company. In such a situation, the remaining supermajority provisions would serve to protect the interests of unaffiliated shareholders.		
13	Assess Feasibility of Including Sustainability as a Performance Measure for Senior Executive Compensation	Against	Against
	Voter Rationale: The company is requested to report on the feasiblity of including sustainability considerations into senior executive compensation programs. The leadership development and compensation committee is best placed to consider the broadest range of criteria, and should retain flexibility in doing so, therefore a vote "against" is warranted.		
14	Report on Human Rights Risk Assessment	Against	Against
	Voter Rationale: The company is asked to review its policies on sexual harassment and assess whether it needs to adopt additional policies and report its findings. The company has already improved its policies and made them public in recent months, and therefore an additional review by the end of the year seems unproductive, warranting a vote "against".		
15	Adopt Compensation Clawback Policy	Against	For
	Voter Rationale: Adoption of policy would expand the company s current abilities to recoup compensation and benefit shareholders		
16	Report on Policies and Risks Related to Content Governance	Against	Against
	Voter Rationale: The company is requested to issue a report assessing how well its content policies are working. The company already addresses this point through its safety tools, and discloses ample statistics in its Youtube Community Guidelines and Transparency report, as well as various blog posts, therefore a vote "against" is warranted.

4	Provide Right to Act by Written Consent	Against	For
	Voter Rationale: Enhance shareholder rights.		
5	Report on Pay Disparity	Against	Against
	Voter Rationale: The company is being asked to report senior executive to employee ratios and state whether there should be a ceiling on executive comp. The company already provides detailed information in its proxies about executive comp, and has an independent compensation committee. It is unclear how the additional disclosure could improve the remuneration setting process. We therefore vote against.		
6	Report on Public Health Risks of Petrochemical Operations in Flood Prone Areas	Against	For
	Voter Rationale: The proposal asks that the company report on public health risks of its petrochemical operations in flood prone areas. Its level of risk to this issue has decreased due to the spin off of all petrochemical facilities in that region, however we believe the company could provide better site-specific risk information here, therefore we support the resolution.		
7	Report on Efforts to Reduce Plastic Pellet Pollution	Against	Against
	Voter Rationale: The company is being asked to disclose an annual report on plastic pellet loss prevention. However the company has split out the division that produces plastic and packaging is now no longer part of Dupont de Nemours, and now belongs to the spun off Dow Inc. As such we do not support this proposal.

Voter Rationale: A 10-member board with two insiders would be appropriate at this time; insiders Otsubo and Ina, from the management slate and dissident slate, respectively, would bring industry knowledge to the board. Former CEOs Miura, Matsuzaki, and Kawahara (all from the management slate) bring a CEO and director perspective from different companies; while not at the same level, Uchibori (also a management nominee) brings relevant senior executive level from an industrial company. Dissident nominees Onimaru and Suzuki, the only candidates that both parties support, would bring integrity and auditing/compliance expertise, while Hamaguchi would bring an institutional investor perspective. Finally, management nominee Campbell would be the only foreigner on the board, providing a different perspective given his western board experience.

4	Approve Alternative Allocation of Income, with a Final Dividend of JPY 47	Against	For
	Voter Rationale: Given the firm's position in cash and equivalents and long-term securities, the additional payment should be achievable without causing problems for the company's financial health		
5	Amend Articles to Adopt Dividend Policy with Target Dividend-on-Equity Payout Ratio of 2.5 Percent	Against	For
	Voter Rationale: The proponent's concern about asset hoarding is real, and a symptom of inadequate independent board oversight. The provision would start to drain surplus, non-core assets, encouraging more favorable market valuation and access to equity financing in the future. It would send a strong signal to the board that shareholders expect better oversight of the firm's capital efficiency.*		
6	Authorize Share Repurchase of Up To 2.6 Million Shares in the Coming Year	Against	For
	Voter Rationale: The proposed authorization would not bind Chubu-Nippon Broadcasting to actually repurchase any shares; therefore, there are no viable reasons why the request would be disadvantageous to shareholders.
