Dear Shareholder,

Schroder International Selection Fund – Latin American

The board of directors of Schroder International Selection Fund (the "Company") has decided to change the investment policy of Schroder International Selection Fund – Latin American (the "Fund") with effect from 13 June 2019 (the "Effective Date").

The Fund's investment policy will change to amend the expected range of holdings in the portfolio from 50-70 to 40-70. The wider range of holdings more closely reflects how the Fund is managed.

The Fund's investment policy, which is reflected in the Company's prospectus, is being changed from:

"Investment Policy

The Fund invests at least two-thirds of its assets in equity and equity related securities of Latin American companies.

The Fund typically holds 50-70 companies.

The Fund is managed with reference to material environmental, social and governance factors. This means issues such as climate change, environmental performance, labour standards or board composition that could impact a company's value may be considered in the assessment of companies.

The Fund may use derivatives with the aim of achieving investment gains, reducing risk or managing the Fund more efficiently. The Fund may also invest in Money Market Instruments and hold cash."
