Notice to investors

Continuous Disclosure Notice (updated fees and costs) for Schroder Multi-Asset Income Fund – Wholesale Class

We are writing to inform investors, as the responsible entity for the Schroder Sustainable Multi-Asset Income Fund – Wholesale Class (**Fund**), that we have assessed that the amounts disclosed in section 6 (Fees and Costs) of the product disclosure statement for the Fund (**PDS**) need to be updated based on amounts paid in the 12 months ending 30 June 2024. We have formed the view that the changes to the fees and costs disclosed in the PDS are not materially adverse to investors. Therefore, the fees and costs amounts are being provided to investors through this website disclosure rather than by issuing a new PDS. Accordingly, all references to fees and costs in section 6 of the PDS dated 14 December 2023, are to be read based on the amounts in the tables below.

Potential investors should read the PDS and this update in its entirety. Capitalised terms have the same meaning as in the PDS, unless stated otherwise.

If you have any queries please contact our Client Services team on (+61) 1300 136 471, or by email to info.au@schroders.com, or by speaking with your Schroders relationship manager.

Fees and costs

As at 30 June 2024, the following fees and costs applied to the Fund.

Fees and costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) MoneySmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

**All estimates of fees in this section are based on information available as at the date of this PDS and reflects Schroders' reasonable estimates of the typical ongoing amounts for the current financial year. All costs reflect the actual amount incurred for the last financial year and may include Schroders' reasonable estimates where Schroders was unable to determine the exact amount or information was not available at the date of this PDS.

***For certain wholesale clients (as defined in the Corporations Act), Schroders may, at its discretion and in accordance with ASIC Policy and the Corporations Act, negotiate, rebate or waive all or part of Schroders' management fee. Please refer to section 3, 'More detailed information about fees and costs' in the 'Additional Information to the PDS' for further details.

****Schroders does not charge a performance fee in respect of the Fund, but the Fund invests in interposed vehicles that may charge performance fees. Schroders' reasonable estimate of the performance fee is based on (as applicable): (i) the average fee incurred for the previous five financial years; or (ii) if the interposed vehicle was not in operation for the past five financial years, the average fee incurred for all of the financial years in which the interposed vehicle was in operation; or (iii) if the interposed vehicle was first offered in the current financial year, Schroders' reasonable estimate of the fee for the current financial year adjusted to reflect a 12-month period. Past performance is not a reliable indicator of future performance and the performance fee will be based on the performance of the interposed vehicles over the relevant period. Please refer to section 3, 'More detailed information about fees and costs' in the 'Additional Information to the PDS' for further details.

¹This fee includes an amount payable to an adviser. Please refer to section 3, 'More detailed information about fees and costs' in the 'Additional Information to the PDS' for further details.

²The transaction costs disclosed in this fees and costs summary are shown net of any recovery received by the Fund from the buy/sell spread charged to transacting unitholders. Please refer to section 3, 'More detailed information about fees and costs' in the 'Additional Information to the PDS' for further details.

³As at the date of this PDS, the buy-sell spread is 0.18% on applications and 0.18% on withdrawals. In estimating the buy-sell spread, Schroders has assumed that the applications or withdrawals are made during normal market conditions, as in times of stressed or dislocated market conditions (which are not possible for Schroders to predict) the buy-sell spread may increase significantly and it is not possible to reasonably estimate the buy-sell spread that may be applied in such situations. Please refer to section 3, 'More detailed information about fees and costs' in the 'Additional Information to the PDS' for further details.

Example of annual fees and costs for the Fund

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example – Schroder Multi-Asset Income Fund		
Balance of \$50,000 with a contribution of \$5,000 during year		
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs ² comprising:	0.62% p.a.	And, for every \$50,000 you have in the Fund you will be charged or have deducted from your investment \$310 each year.
Management fee ³ to Schroders	0.60% p.a.	
Indirect costs	0.02% p.a.	
Expense recoveries	0% p.a.	
PLUS Performance fees ⁴	0.00% p.a.	And, you will be charged or have deducted from your investment \$0 in performance fees each year.
PLUS Transaction costs ²	0% p.a.	And, you will be charged or have deducted from your investment \$0 in transaction costs.
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of \$310 . ^{1,5} What it costs you will depend on the fees you negotiate.

¹Additional fees may apply. A buy-sell spread may apply to investments into and withdrawals from the Fund, which is not taken into account in this example. Please refer to section 3, 'More detailed information about fees and costs' in the 'Additional Information to the PDS' for further details.

²Please refer to footnote ** in the Fees and costs summary above.

³Please refer to footnote *** in the Fees and costs summary above.

⁴This example assumes that the Fund will incur interposed vehicle performance fees of 0.00% p.a. of the NAV of the Fund, based on our reasonable estimate of the performance fee. Please refer to footnote **** in the Fees and costs summary above.

⁵This amount excludes fees for any additional contributions that may be made during the year. Please note that the minimum initial investment for the Fund is \$20,000, and the minimum additional investment is \$5,000. We have assumed that the \$5,000 contribution is made at the end of the year and that the value of the investment is constant. This example is therefore calculated using the \$50,000 balance only. Please note that this is just an example. In practice, actual investment balances will vary daily and the actual fees and costs charged are based on the value of the Fund, which also fluctuates daily.
