

30 November 2022

Dear Shareholder,

Schroder International Selection Fund (the “Company”) – Healthcare Innovation (the “Fund”)

We are writing to inform you that the Fund’s classification under the Sustainable Finance Disclosure Regulation (SFDR) will change from a fund falling under article 9 to article 8 on 1 January 2023 (the “Effective Date”).

Background and rationale

The Fund adopts a thematic approach to investment and invests at least 75% of its assets in sustainable investments, which are investments in companies that contribute towards the advancement of one or more of the UN Sustainable Development Goals by promoting growth in healthcare provision and medical treatments and improving healthcare standards using an innovation-led approach. As a result of the regulatory clarification that a fund with a sustainable investment objective should only make sustainable investments (excluding neutral assets such as cash), the Fund considers it will no longer meet the requirements of an article 9 fund under SFDR, as it holds some non-sustainable investments within the remaining 25% of its assets, specifically holdings in industries adjacent to healthcare or healthcare-related services.

Given the Fund’s investment manager’s desire to maintain the current investment approach which it considers is in the best interests of investors, we have decided that the Fund should qualify under SFDR as an article 8 fund rather than an article 9 fund. This change will result in limited changes to the Fund’s investment objective and policy wording, and the sustainability risk consideration, which are shown in Appendix 1 to this letter. There is no change in the previously stated investment approach or investment process.

The extent of the change to the risk/reward profile of the Fund as a result of these changes is non-significant.

All other key features of the Fund, including the synthetic risk and return indicator (the SRRI) and fees, will remain the same.

Redeeming or switching your shares to another Schroders fund

We hope that you will choose to remain invested in the Fund following these changes, but if you do wish to redeem your holding in the Fund or to switch into another of the Company’s sub-funds before the Effective Date you may do so at any time up to and including deal cut-off on 30 December 2022.
