27 September 2021

Dear Shareholder,

Schroder International Selection Fund – Emerging Multi-Asset Income (the “Fund”)

We are writing to advise you that on 29 October 2021 (the “Effective Date”) the following changes will be made to the Fund:

- The name will change to “Schroder International Selection Fund - Emerging Markets Multi-Asset”;
- The income target will be removed from the Fund’s investment objective;
- The volatility target will be removed from the Fund’s investment objective;
- The investment objective of the Fund will be revised to clarify that the Fund will aim to invest in a diversified range of assets in emerging markets worldwide as opposed to markets worldwide;
- The investment policy will change to provide that the Fund will maintain a higher overall sustainability score than the comparator benchmark, based on the Investment Manager’s rating criteria and to clarify that indirect investment in China A-Shares may be via instruments such as participatory notes rather than only via derivatives;
- The Fund will no longer have a target benchmark;
- A new comparator benchmark made up of the following will be added: 50% MSCI Emerging Market Index (USD), 16.7% JPM EMBI Index EM Hard Currency (USD), 16.7% JPM GBI Emerging Market Index - EM Local (USD), 16.7% JPM CEMB Index (USD);
- The Fund will incorporate binding environmental and/or social characteristic(s), within the meaning of Article 8 of the Sustainable Finance Disclosure Regulation (“SFDR”). Details of the Fund’s environmental and/or social characteristics and how it seeks to achieve them will be disclosed in the Fund’s investment policy and under a new section called “Sustainability Criteria” in the Fund Characteristics section of the prospectus.

Rationale

From the Effective Date, the Fund’s name will change to better describe its focus on generating a total return (a combination of capital growth and income) rather than only income and will continue to highlight the Fund’s multi-asset strategy.

Consequently the income target will be removed from the investment objective of the Fund and the Fund will no longer have a target benchmark. However, income will remain an important part of the Fund’s total return.

To better align with the name of the Fund, the investment objective of the Fund will also be enhanced to clarify that the Fund will aim to invest in a diversified range of assets in emerging markets worldwide.

Removing the volatility range and instead using a market-based comparator for risk analysis provides greater clarity around the expected risk profile. We believe that a market-based comparator provides more context compared to a percentage range.

The new comparator benchmark has been selected because the investment manager believes that the benchmark is a suitable comparison for performance and volatility purposes given the Fund's investment objective and policy and the investment policy will be revised accordingly to include the new comparator benchmark.

We believe that incorporating sustainability factors into the Fund's strategy aligns with the increasing desire among investors to put their money into investments that can clearly demonstrate their sustainability credentials.

Name Change

From the Effective Date the Fund's name will change to Schroder International Selection Fund – Emerging Markets Multi-Asset.

Investment Objective Change

The investment objective of the Fund, which is contained in Schroder International Selection Fund's (the "Company") Hong Kong offering documents (comprising the prospectus, Hong Kong Covering Document and Product Key Facts Statement of the Fund), will change from:

"Investment Objective

The Fund aims to provide an income distribution of 4% to 6% per annum and capital growth over a three to five year period^{Note} after fees have been deducted by investing in a diversified range of assets and markets worldwide. The Fund aims to provide a volatility (a measure of how much the Fund's returns may vary over a year) of between 8-16% per annum."

To:

"Investment Objective

The Fund aims to deliver capital growth and income over a three to five year period^{Note} after fees have been deducted by investing in a diversified range of assets in emerging markets worldwide."

^{Note} For clarification purpose, the three to five year period is considered as a medium to long term period, and is the period over which an investor should assess the Fund's performance.

Investment Policy Change

From the Effective Date the following will be added to the Fund's investment policy:

"The Fund maintains a higher overall sustainability score than 50% MSCI Emerging Market Index (USD), 16.7% JPM EMBI Index EM Hard Currency (USD), 16.7% JPM GBI Emerging Market Index - EM Local (USD), 16.7% JPM CEMB Index (USD), based on the Investment Manager's rating criteria. More

details on the investment process used to achieve this can be found in the Fund Characteristics section.

The Fund does not directly invest in certain activities, industries or groups of issuers above the limits listed under "Sustainability Information" on the Fund's webpage, accessed via www.schroders.com/en/lu/private-investor/gfc¹."

Investment Policy Clarification

The Fund may invest less than 25% of its assets (on a net basis) in China A-Shares via Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect. This is measured on a net basis as exposure may be gained both directly and indirectly. While the Fund can use derivatives with the aim of achieving investment gains and so may gain indirect exposure to China A-Shares this way, other methods may also be used such as by the use of participatory notes. To reflect this, we have removed a reference from the Fund's investment policy that indirect exposure may be "through derivatives" and replaced it with a reference that exposure may be via instruments such as participatory notes.

Benchmark Change

The Benchmark section of the Fund, which is contained in the Company's prospectus, will change from the Effective Date from:

"Benchmark

The Fund's performance should be assessed against its target benchmark, being to provide income of 4%-6% per year and capital growth and the volatility target of 8%-16% per year.

The income and volatility targets have been selected because the Investment Manager deploys strategies that aim to deliver the level of income stated in the investment objective.

The comparator benchmark has been selected because the Investment Manager believes that the benchmark is a suitable comparison for performance purposes given the Fund's investment objective and policy."

To:

"Benchmark

The Fund does not have a target benchmark. The Fund's performance and volatility should be compared against 50% MSCI Emerging Market Index (USD), 16.7% JPM EMBI Index EM Hard Currency (USD), 16.7% JPM GBI Emerging Market Index - EM Local (USD), 16.7% JPM CEMB Index (USD). The comparator benchmark is only included for performance and risk comparison purposes and does not have any bearing on how the Investment Manager invests the Fund's assets. The Fund's investment universe is expected to have limited overlap with the components of the comparator benchmark. The Investment Manager invests on a discretionary basis and there are no restrictions on the extent to which the Fund's portfolio and performance may deviate from the comparator benchmark. The Investment Manager will invest in companies or sectors not included in the comparator benchmark.

The comparator benchmark has been selected because the Investment Manager believes that the benchmark is a suitable comparison for performance purposes given the Fund's investment objective

¹ For Hong Kong investors, please refer to the following website: <https://www.schroders.com/en/hk/retail-investors/funds/fund-centre> (this website has not been reviewed by the SFC).

and policy. The benchmark(s) does/do not take into account the environmental and social characteristics or sustainable objective (as relevant) of the Fund."

SFDR Sustainability Criteria

From the Effective Date the following section will be added to the Fund's details in the Company's prospectus to detail how it will seek to achieve the Fund's environmental and/or social characteristics:

"Sustainability Criteria

The Investment Manager applies governance and sustainability criteria when selecting investments for the Fund. The investable universe is assessed using a number of proprietary tools, as well as external rating services.

The Investment Manager will assess companies against a variety of environmental, social and governance metrics, taking into account issues such as climate change, environmental performance, labour standards and board composition. The Investment Manager will decide whether an investment is eligible for inclusion taking into account the overall ESG score. The multi-asset nature of the Fund means that the Investment Manager will analyse the ESG scores across asset classes as an input into the asset allocation of the Fund. The Investment Manager may select investments, which it deems to contribute to one or more environmental or social objectives, provided that they do no significant harm to any other environmental or social objectives.

The sources of information used to perform the analysis include information provided by the companies, such as company sustainability reports and other relevant company material, as well as Schroders' proprietary sustainability tools and third-party data.

More details on the Investment Manager's approach to sustainability and its engagement with companies are available on the website www.schroders.com/en/lu/private-investor/strategic-capabilities/sustainability/disclosures².

The Investment Manager ensures that at least:

- 90% of equities issued by large companies domiciled in developed countries; fixed or floating rate securities and money market instruments with an investment grade credit rating; and sovereign debt issued by developed countries; and
- 75% of equities issued by large companies domiciled in emerging countries; equities issued by small and medium companies; fixed or floating rate securities and money market instruments with a high yield credit rating; and sovereign debt issued by emerging countries,

held in the Fund's portfolio are rated against the sustainability criteria. For the purposes of this test, small companies are those with market capitalisation below €5 billion, medium companies are those between €5 billion and €10 billion and large companies are those above €10 billion."

Implication of the proposed changes

As a result of the SFDR changes, the Fund may be subject to additional risk considerations relating to investments with environmental and/or social characteristics (within the meaning of Article 8 of SFDR), and specific risk considerations will be added to the prospectus. However, such risks will not be considered as key risks applicable to the Fund.

² For Hong Kong investors, please refer to the following website: <https://www.schroders.com/en/hk/retail-investors/sustainability/making-an-impact-through-sustainability> (this website has not been reviewed by the SFC).

Save as disclosed above, all other key features of the Fund (including the fees chargeable in respect of the Fund as stated in the Hong Kong offering documents) will remain the same and there will be no change to the risks applicable to the Fund as a result of the changes set out above. In particular, there will be no change in the exposure of the Fund to emerging markets as a result of these changes. The Fund is already primarily invested in emerging markets. There will also be no material change in the operation and/or manner in which the Fund is being managed. The changes are not expected to materially prejudice the rights or interests of existing investors.

The Hong Kong offering documents of the Company will be revised to reflect the above changes and will be available free of charge at www.schroders.com.hk³ or upon request from the Hong Kong Representative of the Company, Schroder Investment Management (Hong Kong) Limited.

Costs and expenses in respect of the changes

Any costs and expenses incurred directly as a result of making the changes will be borne by Schroder Investment Management (Europe) S.A., the Company's management company.

Redeeming or switching your shares to another Schroders fund

We hope that you will choose to remain invested in the Fund following these changes, but if you do wish to redeem your holding in the Fund or to switch into another of the Company's sub-funds authorized by the Securities and Futures Commission ("SFC")⁴ before the changes become effective, you may do so at any time up to and including the dealing cut-off at 5:00 p.m. Hong Kong time on **28 October 2021**. Please ensure that your redemption or switch instruction reaches the Hong Kong Representative before this deadline. We will execute your redemption or switch instructions in accordance with the provisions of the Company's Hong Kong offering documents, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local dealing cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach the Hong Kong Representative before the dealing cut-off at 5:00 p.m. Hong Kong time on **28 October 2021**.

Enquiries

If you have any questions or would like more information, please contact your usual professional advisor or the Hong Kong Representative at Level 33, Two Pacific Place, 88 Queensway, Hong Kong or calling the Schroders Investor Hotline on (+852) 2869 6968.
