Dear Shareholder,

Schroder International Selection Fund (the "Company") – changes to the distribution policy of certain share classes (the "Share Classes")

We are writing to inform you that following a recent review, we have decided to change the distribution policy for the Share Classes of the following sub-funds: Schroder ISF Global Credit Income, Schroder ISF Global Credit High Income and Schroder ISF European Sustainable Value (together the "Funds"). The affected Share Classes and the changes to their distribution policies as well as to their denominations¹ with respect to Schroder ISF European Sustainable Value are detailed in the appendix of this letter. The distribution frequency of the Share Classes will not change.

These changes will come into effect for the distributions due to be paid on **11 October 2022**. This is in accordance with the number of shares held by shareholders on the record date **28 September 2022** and will apply to all distributions going forward.

As disclosed in the Company's prospectus, we periodically review the fixed distribution Share Classes and reserve the right to make changes. For example if the investment income after expenses is higher than the target fixed distribution, we may declare the higher amount to be distributed. Equally, we may deem it is appropriate to declare a dividend lower than the target fixed distribution.

The Share Classes fees will remain unchanged and the costs of making these changes including regulatory and shareholder communication costs will be borne by Schroder Investment Management (Europe) S.A. which is the Company's management company.

Redeeming or switching your shares to another Schroders fund

We hope that you will choose to remain invested in the Fund following these changes, but if you do wish to redeem your holding in the Fund or to switch into another of the Company's sub-funds or share classes before the changes become effective you may do so at any time up to and including deal cut-off on **28 September 2022**. Please ensure that your redemption or switch instruction reaches the Singapore Representative, Schroder Investment Management (Singapore) Ltd before this deadline. We will execute your redemption or switch instructions in accordance with the provisions of the Company's prospectus, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local deal cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach us before the deal cut-off given above.

¹ According to the provisions of the Company's prospectus, distribution Share Classes may be issued with different distribution frequencies or attributes which are designated as follows:

Distribution frequency: M = monthly, Q = quarterly, S = semiannual, A = annual
Distribution type: F = fixed or V = variable

* This refers to the premium or discount that may apply to the distribution. Distributions may include a premium when the interest rate of a currency hedged share class is higher than the fund's base currency interest rate. Consequently when the interest rate of a currency hedged share class is lower than the fund's base currency interest rate, the dividend may be discounted. The level of premium or discount is determined by differences in interest rates and is not part of the fund's investment objective or investment policy.
