

3 April 2024

Dear Shareholder,

Schroder International Selection Fund (the “Company”) – Inflation Plus (the “Fund”)

We are writing to advise you that with effect from **8 May 2024** the Fund’s investment policy will be updated to allow the use of Total Return Swaps (TRS) (in the form of commodity index swaps).

Background and rationale

The investment team uses a combination of commodities and high yielding bonds to build a UCITS eligible inflation protection strategy. The Fund has limits to manage exposures and among these are limits on gold and precious metals at 25%, and commodities at 25%. However, regulatory limits make utilising these levels difficult and we believe the use of TRS will allow the Fund to gain the exposures required without breaching the Fund’s limits.

Full details of the changes being made can be seen in Appendix 1 to this letter.

Redeeming or switching your shares to another Schroders fund

We hope that you will choose to remain invested in the Fund following these changes, but if you do wish to redeem your holding in the Fund or to switch into another of the Company’s sub-funds before the Effective Date you may do so at any time up to and including deal cut-off on **7 May 2024**. Please ensure that your redemption or switch instruction reaches the Singapore Representative, Schroder Investment Management (Singapore) Ltd before this deadline. We will execute your redemption or switch instructions in accordance with the provisions of the Company’s prospectus, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local deal cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach us before the deal cut-off given above.

We advise shareholders to read the Fund’s Product Highlight Sheet (the PHS) for the relevant Share Class and the Company’s prospectus, which are available at www.schroders.com.sg.
