

**THE SWISS HELVETIA FUND, INC. ANNOUNCES PAYMENT OF QUARTERLY
DISTRIBUTION AND RELEASES ESTIMATED DISTRIBUTION SOURCES**

Press Release – For Immediate Release

New York, New York—June 29, 2018

The Swiss Helvetia Fund, Inc. (NYSE: SWZ) (the "Fund"), a non-diversified registered closed-end investment company, announced today that it paid on June 29, 2018, a quarterly distribution of \$0.2025 per share of the Fund's common stock to all stockholders of record as of June 22, 2018 pursuant to the Fund's managed distribution plan (the "Plan").

As a general matter, the amount of the Fund's distributable income depends on the aggregate gains and losses realized by the Fund during the entire year. Distributions may consist of net investment income, capital gains and return of capital, but the character of these distributions cannot be determined until after the end of the Fund's fiscal year. However, under the Investment Company Act of 1940, as amended, and the terms of the Plan, the Fund may be required to indicate the source of each distribution to its stockholders. The following table sets forth an estimate of the sources of the June 29, 2018 distribution and distributions paid in the current fiscal year:

DISTRIBUTION ESTIMATES	Current Distribution		Year-to-Date May 31, 2018*	
	Per Share Amount	% of Current Distribution	Per Share Amount	% of the 2018 Distributions
Net Investment Income	\$0.1750	86.4%	\$0.1750	86.4%
Net Realized Short-Term Capital Gains	\$0.0188	9.3%	\$0.0188	9.3%
Net Realized Long-Term Capital Gains	\$0.0087	4.3%	\$0.0087	4.3%

* The Fund's current fiscal year began on January 1, 2018.

You should not draw any conclusions about the Fund's investment performance from the amount of this distribution or from the terms of the Fund's Plan. The amounts and sources of distributions reported in this press release are only estimates, are likely to change over time, and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for accounting and tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The amounts and sources of distributions year-to-date may be subject to additional adjustments.

THE FUND WILL SEND YOU A FORM 1099-DIV FOR THE CALENDAR YEAR THAT WILL TELL YOU HOW TO REPORT THESE DISTRIBUTIONS FOR FEDERAL INCOME TAX PURPOSES.

Fund Performance and Distribution Information

The following table provides information regarding the Fund's total return performance based on the Fund's net asset value ("NAV") per share over various time periods compared to the Fund's annualized and cumulative distribution rates.

Fiscal Year-to-Date (January 1, 2018 to May 31, 2018)

Annualized Distribution Rate as a % of NAV*	6.10%
Cumulative Distribution Rate on NAV*	1.52%
Cumulative Total Return on NAV**	-5.82%
Average Annual Total Return (in relation to NAV) for the five-year period ended May 31, 2018***	5.72%

* Based on the Fund's NAV as of May 31, 2018.

** Cumulative fiscal year-to-date return is based on the change in NAV including distributions paid and assuming reinvestment of these distributions for the period January 1, 2018 through May 31, 2018.

*** Average annual total return is based on change in NAV including distributions paid and assuming reinvestment of these distributions and is through the last business day of the month prior to the month of the current distribution record date.

The payment of distributions in accordance with the Plan may result in a decrease in the Fund's net assets. A decrease in the Fund's net assets may cause an increase in the Fund's annual operating expense ratio and a decrease in the Fund's market price per share to the extent the market price correlates closely to the Fund's NAV per share. The Plan also may negatively affect the Fund's investment activities to the extent that the Fund is required to hold larger cash positions than it typically would hold or to the extent that the Fund must liquidate securities that it would not have sold, for the purpose of paying the distribution.

The current distribution amount of \$0.2025 per share of the Fund's common stock equates to an annualized distribution rate of 6.00% based on the Fund's NAV per share as of May 25, 2018. Although the amount is not expected to change for distributions under the Plan in 2018, the annualized rate is expected to change over time as the Fund's NAV varies. The Board will review periodically the terms of the Plan, including at least annually to determine whether to adjust the amount or the calculation of the distribution rate, which may be affected by numerous factors, including changes in realized and projected market returns, Fund performance and other factors. The Board may amend the terms of the Plan or terminate the Plan at any time without prior notice to the Fund's stockholders. The amendment or termination of the Plan could have an adverse effect on the market price of the Fund's shares of common stock.
