Notes

Note 1: The accounting line entries are on an accruals basis; no information was available to produce them on a receipts basis.

Note 2: In accordance with Regulation 92D, the Fund remains a Reporting Fund as at the date the report was issued.

Note 3: During the period, the Fund did not hold investments in underlying funds, as such no adjustments were required under regulation 89C to 89E.

Note 4: Other expenses include the statutory fees of the Fund.

Note 5: This report does not take into account the specific circumstances and tax profile of each participant. If any participants are in doubt, they should consult their own professional advisors with regard to this information.

Note 6: This Fund is constituted as a *Fonds Commun de Placement* (a FCP). For UK tax purposes it should be regarded as transparent for income purposes (see OFM7200). Broadly, this means that for tax purposes a UK resident investor should be regarded as having received a share of the underlying income, rather than looking at the distributions received from the Fund. As a result, the Bond Fund rules do not apply for Income Tax and Corporation Tax purposes. The investor report provides details of the underlying income elements and the amounts per share and these should be taxed according to the specific circumstances and tax profile of each participant.
