3	Advisory Vote on Executive Compensation Approach	For	Against
<p><i>Blended Rationale: Insufficient vesting period. Vote AGAINST the say-on-pay resolution. The quantitative pay-for-performance screen generated a high concern. The high concern has been maintained following further quantitative and qualitative analysis:</i></p> <ul style="list-style-type: none"> - The company generated a negative TSR of -21.1 percent on a one-year basis, -1.7 percent on a three-year basis, and +5.3 percent over five years. However, the CEO's total compensation appears to be trending significantly higher, to US\$15.9 million in 2022, US\$21.0 million in 2021 (which included US\$10.6 in one-time equity awards), up from US\$9.8 million in 2020, US\$8.1 million in 2019, and US\$7.1 million in 2018; - The company has underperformed its self-selected peer group on a one-, three-, and five-year timeframe, while the CEO's compensation appears to be consistently above the peer median over the three timeframes; - The CEO's target long-term incentive rose from US\$5.6 million in 2019 to US\$7 million in FY2020 and FY2021 and to US\$10 million in FY2022, which accounts in FY2022 for 1,053 percent of his base salary. The increases are not aligned with the company's negative 1- and 3-year TSR performance; - One STIP performance target (worldwide adjusted operating income) was constantly set below the previous year's actual performance in the last two years, while the CEO's annual incentive payout in FY2022, at 200 percent of the target bonus, increased by 71 percent compared to FY2021 and 61 percent to FY2020; and - Internal pay disparity persists as the CEO's total compensation value is significantly higher than that of the company's other NEOs. In last year's report, ISS identified a medium concern, primarily driven by the CEO's significant one-time awards. However, it appears the misalignment between company performance and CEO pay widened. Considering the above reasons, support for this proposal is not warranted.

Blended Rationale: A vote FOR this resolution is considered warranted although it is not without concern because:- One-off, non-performance-based LTI awards which feature a vesting period of less than three years were granted to the COO and CFO on Admission. The main reasons for support are:- The terms of the awards have been set prior to the Company's IPO and were laid out in the Prospectus.- The Company has a long-term incentive plan going forward, and the awards appear to be in line with recommended market practice with respect to the use of performance conditions and the vesting and holding periods.

4	Approve Remuneration Policy	For	For
	<p><i>Blended Rationale: A vote FOR this resolution is considered warranted although it is not without concerns because:- The normal maximum opportunity of the variable remuneration may be exceeded in exceptional circumstances. The Company has not provided further details on the parameters of the exceptional award nor has provided a compelling rationale for the use of the said award limit.- Buy-out awards are not subject to a formal cap.- The NEDs may receive additional remuneration for their services outside the normal scope of a NED. The main reasons for support are:- The annual bonus and the LTIP awards are each subject to an overall limit of 200% of salary which is not considered excessive at this time.- The general framework of the annual bonus and the PSP awards appear to be in line with recommended market practice.- The Company states that it will seek to grant buy-out awards on a broadly like-for-like basis.- The NEDs are not eligible to participate in any cash or share incentive arrangements.</i></p>

1	Elect Varun Mehta as Director and Approve Appointment and Remuneration of Varun Mehta as Whole-time Director	For	For

Blended Rationale: A vote AGAINST this resolution is warranted because: - Varun Mehta's proposed remuneration structure is considered open-ended and the board retains discretion to decide his pay outcomes. - Given his limited experience, Varun Mehta's pay quantum (at the upper end of his proposed salary range) is not in line with market practice. Further, his pay level is aggressively positioned when compared with that of industry peers of similar size and scale of operations.

Subramaniakumar is eligible to receive. The board therefore retains significant discretion in determining his pay outcomes. The main reasons for support are: - The estimated pay is deemed reasonable given the size and scale of the company's operations and is in line with market peers. - The variable pay is capped and subject to RBI guidelines. 1	Approve Remuneration of Ronojoy Dutta as Whole Time Director and Chief Executive Officer	For	For

Blended Rationale: A vote FOR this resolution is warranted, although it is not without concerns:- The company will be making a full bonus payout to Ronojoy Dutta as part of his full and final settlement, without pro-rating it for the time served by him in the company.- He will be entitled to the entire second tranche of ESOPs, originally due to vest to him in January 2023, without being pro-rated for the period actually served and tested for performance. The main reasons for support are:- Ronojoy Dutta has agreed to the enhanced his non-compete for a period of two years as against one year as originally agreed in return for the above additional payouts in lieu of bonus and ESOPs.- The executive is an industry veteran and has global leadership experience in the aviation sector, and as such his contribution in the company's performance is acknowledged.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Scheme of Arrangement	For	For

Blended Rationale: A vote FOR these proposals is considered warranted because:- The cash consideration, which represents a relatively low premium, provides certainty of value to shareholders, while removing the execution risk inherent in a prolonged turnaround.- There is a substantial downside risk as share price may fall significantly if the offer is not accepted; and- The Board unanimously recommends support for the transaction.The above notwithstanding, some shareholders may be concerned that the Board recommends an offer that is substantially lower than the initial proposal rejected earlier this year; though deteriorating market conditions and lower growth expectations somewhat mitigate those concerns.

Proposal Number	Proposal Text	Mgmt Rec	Vote Instruction
1	Approve Matters Relating to the Recommended Final Cash Offer for Ted Baker plc byABG-Robin BidCo (UK) Limited	For	For

Blended Rationale: A vote FOR these proposals is considered warranted because:- The cash consideration, which represents a relatively low premium, provides certainty of value to shareholders, while removing the execution risk inherent in a prolonged turnaround.- There is a substantial downside risk as share price may fall significantly if the offer is not accepted; and- The Board unanimously recommends support for the transaction.The above notwithstanding, some shareholders may be concerned that the Board recommends an offer that is substantially lower than the initial proposal rejected earlier this year; though deteriorating market conditions and lower growth expectations somewhat mitigate those concerns.
