Dear Shareholder,

Schroder International Selection Fund (the "Company") – BlueOrchard Emerging Markets Impact Bond (the "Fund")

We are writing to advise you that the Fund's investment objective, policy, sustainability criteria and Article 9 Pre-contractual disclosure in Appendix IV of the Company's prospectus in accordance with SFDR and Commission Delegated Regulation (EU) 2022/1288 have been updated and enhanced to better reflect the impact investment process.

Background and rationale

The Fund is classified as Article 9 under the Sustainable Finance Disclosure Regulation (SFDR) and invests in sustainable investments, which are investments that are expected to contribute towards the advancement of an environmental or social objective linked to one or more of the UN SDGs. The Fund also holds investments that the Investment Manager deems to be neutral under its sustainability criteria, such as cash and money market investments and derivatives used with the aim of reducing risk (hedging) or managing the Fund more efficiently. The Fund is part of Schroders' Impact Driven strategies. As such, it applies highly selective investment criteria and references to reflect this impact investment process have been added to the investment objective, investment policy, sustainability criteria and the pre-contractual disclosure.

There are no other changes to the Fund's investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Fund is being managed following these changes.

All other key features of the Fund, including the relevant risk indicator and fees, will remain the same.

Full details of the changes being made can be seen in Appendix 1 to this letter.

You can find the Fund's updated key information document (the KID) for the relevant share class and the Company's Prospectus at www.schroders.com.

| <p>The Investment Manager applies sustainability criteria when selecting investments for the Fund.</p> <p>Issuers are assessed via an ESG and impact analysis, which consists of</p> <ul style="list-style-type: none"> a) screening against an exclusion list based on the International Finance Corporation Exclusion List; b) an assessment of the issuer’s performance on a range of ESG criteria, informed by both internal and external research; c) an impact assessment of how a company is achieving its sustainable goals based on a proprietary tool and resulting in a rating; and d) in the case of purpose bonds, second party opinion reports produced by third party data providers. <p>Through this assessment, the Investment Manager selects bonds that it deems eligible in accordance with the Fund’s investment objective and policy.</p> <p>The sources of information used to perform the analysis include information provided by the companies, such as company sustainability reports and other relevant company material, as well as the Investment Manager’s proprietary sustainability tools and third-party data.</p> <p>Due to the nature of its investments, and in particular the need for currency hedging, the Fund may also hold a portion of investments that the Investment Manager deems to be neutral under its sustainability criteria. These may include (but are not limited to) derivatives for hedging purposes, cash and Money Market Investments.</p> | <p>The Investment Manager applies sustainability criteria when selecting investments for the Fund.</p> <p>Issuers are assessed via an ESG and impact analysis, which consists of</p> <ul style="list-style-type: none"> a) screening against an exclusion list based on the International Finance Corporation Exclusion List; b) an assessment of the issuer’s performance on a range of ESG criteria, informed by both internal and external research; c) an impact assessment of how a company is achieving its sustainable goals based on a proprietary tool and resulting in a rating; and d) in the case of purpose bonds, second party opinion reports produced by third party data providers. <p>Investments are composed of bonds where the issuer’s products and services, business activities or use of proceeds for a purpose bond contribute positively to at least one of the UN SDGs. In order to identify bonds with a direct link to a UN SDG, the Investment Manager applies a two step approach:</p> <ul style="list-style-type: none"> - The first considers the extent to which the issuer’s revenues, business activities, or the use of proceeds of a purpose bond contribute to an environmental or social objective (as applicable). - The second is a detailed ESG and impact assessment of the company and/or bond (as applicable) via the completion of proprietary impact and ESG scorecards. The Investment Manager considers a range of ESG criteria and different aspects of impact such as: what |
